[Endless Sky Ships](#)

[Endless Sky Ships](#)

I recently told my escorts to 'Hold' in the Altair system, then told them to 'Gather around me'.

You need to View Player Info (default key is I) That brings you to the following screen: This shows a list of all your ships and their current system, among other things.. You'll find your ship there In the above image, my ship Astrid is in the Markab system.

dungeon of the endless ships

dungeon of the endless ships, endless sky ships, endless space 2 ships, endless space 2 best ships, endless space 2 ships by race, endless sky best ships, endless space ships, endless space 2 garrison ships, endless space 2 can't move ships, endless space 2 repair ships, ships endless sky, ships endless space 2, endless legend ships, endless sky ships list, endless frontier ships, endless sky ships spreadsheet, endless ocean ships rest, endless sky ships with fighter bays, endless space ships won't move

endless space 2 ships

endless space 2 ships by race
